Breaks In Service

Payroll Bulletin 2239

Retirement & Savings Plans Team

- Chris Hanson – Team Lead
- Tamie Whitney – Payroll Analyst 1
- Megan Drake – Payroll Analyst Trainee 1

ORP/VDC Participant Breaks In Service

- How to use the NBEN742A (ORP)/NBEN742B (VDC)
- Viewing key dates in PayServ
- Impact on ORP/VDC member
- What you need to calculate a break
- How to calculate new dates
- Reminder: Always check the 9.1 Retirement Plans page

Impact on ORP/VDC Member

All boxes on the Suspense Page affect the member's employee and employer contributions

- Projected 366 Day Completion Date = When funds are first available to be sent to member's TIAA account
- Check Date Escrow Money Sent = The check date the funds are sent to TIAA
- Date of Hire/Adjusted Date of Hire = Drives the Projected 366 Day Completion Date and Projected 7 Year Completion Date
- Projected 7 Year Completion Date = This affects the employer contribution rate

What You Need to Calculate a Break

Paths to relevant pages for your calculations

- ORP Election Date from Savings Plans panel
 - PayServ > Main Menu > Benefits > Enroll in Benefits > Savings Plans
- Termination and Rehire dates from Employee History Inquiry
 - PayServ > Main Menu > Workforce Administration > Administer Job Change Requests > Employee History Inquiry

Viewing Key Dates in PayServ

Main Menu > Benefits > Enroll in Benefits > Suspense Page

The screenshot displays the 'Suspense Page' in the PayServ system. At the top, a breadcrumb trail shows the navigation path: Favorites > Main Menu > Benefits > Enroll In Benefits > Suspense Page. Below this is the PayServ logo and the text 'PayServ - The NYS Payroll System'. A 'Suspense Page' tab is active. An 'Employee ID:' field is present. A search bar with a magnifying glass icon and '1 of 1' results is shown. The main content area displays the following information:

- Company: NYS
- Adjusted Date of Hire: [Redacted] Override
- Projected 366 Day Completion Date: 08/31/2019
- Check Date Escrow Money Sent: 10/16/2019
- Projected 7 Year Completion Date: [Redacted]

At the bottom, there are four buttons: Save, Return to Search, Notify, and Refresh.

How to Calculate New Dates

Breaks In Service Calculator

- Bulletin 2239 – Calculating Projected 366 Day Completion Date and/or Projected 7 Year Completion Date for ORP and VDC Members
- Download breaks calculator from bulletin; this is the 9.2 version

How to Calculate New Dates

Job Aid

ORP / VDC Breaks in Service Calculations

Purpose:

The purpose of this job aid is to provide agencies with the steps required to calculate breaks in service for ORP and VDC members (Plan Type 4Z) who appear on the weekly NBEN742A Control-D report – TIAA/CREF Employees with Active Jobs and No Projected Dates and the NBEN742B Control-D report – VDC Employees with Active Jobs and No Projected Dates.

- The NBEN742 reports list employees by Department ID who have an Active Job status, but the Projected 366 Day Completion Date and/or the Projected 7 Year Completion Date are missing from the Suspense Page in PayServ.
- The missing Projected 366 Day Completion Date prevents ORP/VDC members' employee and employer contributions from being transferred to the ORP/VDC vendor timely when the suspense period has been completed.
- The missing Projected 7 Year Completion Date impacts the employer contribution rate increases.

Control-D Reports Available Prior to Processing:

The NBEN742 Control-D reports identify missing ORP/VDC Projected dates for ORP and VDC members who have an Active payroll status.

- NBEN742A TIAA/CREF Employees with Active Jobs and No Projected Dates
- NBEN742B VDC Employees with Active Jobs and No Projected Dates

Downloading the ORP/VDC Breaks in Service Calculator Tool:

You can download the latest ORP/VDC Breaks in Service calculator tool by clicking on the icon below:

The Employee History Information page in PayServ summarizes Job Data, making identification of Termination and Rehire simpler:

1. Open Employee History Inquiry page (PayServ>Main Menu>Workforce Administration>Administer Job Change Requests >Employee History Inquiry).
2. Enter the employee's Empl ID.
3. Select Search.
4. Select "View All" on the History Information panel.
** Please note that the Employee History is listed in descending order, with the newest transactions at the top and the oldest at the bottom. Please be sure to work from oldest to newest to properly calculate the breaks in service.*
5. Printing the Employee History Inquiry page is recommended.
6. From the printout, locate the row where Effective Date matches the Election Date found from Retirement Plans panel. This is when the employee became eligible for ORP/VDC.
7. From the printout, continue to review the rows above the row found in step 6, noting or highlighting rows when EE status shows a Termination followed by a row reflecting EE status of Rehire. Note the Effective Date for both the Termination and Rehire rows.

"TER" row in Employee History Inquiry

"REH" row in Employee History Inquiry

Not technically a break in service; will not affect calculation

Multiple Records

Breaks must be calculated using all eligible/participating records

- If an employee elects ORP/VDC on one record, the other [eligible] record(s) must be enrolled
- A break in service only happens when both records are terminated
- Usually happens with Full-time Professor/Part-Time Adjunct titles

Paycheck Reversals AC230

Payroll Reversal & Exchange Team

- Stephanie Simmons – Team Lead
- Shelby Miller – Payroll Analyst Trainee 2
- Erin Bulson – Payroll Specialist 2

Reason for Reversals

- An AC-230 is a form used to request a reversal of earnings for employees who are not entitled due to retroactive leave, termination, resignation, death, or other causes.
- Employee is not entitled to all or part of their payroll check.
 - Employee should no longer be Active (Term, Retired, LOA) and there are no additional payments to recover the overpayment (LSP, SWP, etc.)
- Employee goes off the payroll and still owes for a previous overpayment (Q code).
- AC-230s should not be done on Active employees receiving pay. Please enter a Q code along with general comments and communicate this with your Earnings Auditor.

Acceptable Payment for AC230

- A Direct Deposit Reversal/Delete request submitted to the Direct Deposit Deletes and Reversal mailbox.
- A Stop Payment request submitted through PayServ with a Reason for Request of Reversal.
- Agency has a certified check or money order from employee to repay the overpayment. OSC does not accept personal checks.

110 State Street
Attn: Remittance Control
Albany, NY12207

NET		\$ 964.69

- Use the Review Paycheck page in PayServ to complete the Original Check column for the following:
 - All earnings codes and earnings amounts
 - All taxes withheld
 - All deduction codes withheld, with the tax class (before or after tax), and the amount withheld

Entitled to Information

Employee Terminated on 6/21/24

- Paycheck Issue Date 7/11/24
- Returned date range is 6/21/24-6/27/24
- Overpaid by 5 days
- Entitled to 5 days
- Fill out the Reason of Request with as much detail as you can provide

Reason for Request	EMPLOYEE TERMED ON 6/21/24 NOT ENTITLED TO 5 DAYS FROM 6/21-6/27
--------------------	--

New York State Comptroller
THOMAS P. DiNAPOLI

Entitled Gross Amount

- When reversing regular salary, you need to determine the amount the employee is entitled to. Use the Review Paycheck page in PayServ.
- This employee has a regular salary of \$1,246.19.
- Find the daily rate for the regular salaried employee.
 - \$1,246.19 becomes \$124.619
- Find the gross of the regular salary.
 - $\$124.619 * 5 = \623.10 (5 days)

Salaried	
Hours:	80.00
Earnings:	1,246.19

Entitled Gross Amount

- To calculate other earnings, you will use the same process we did with the regular salary
- Find the daily rate of the other earnings
- Multiply by the number of days entitled to (5 days in this case)
- This employee has three:
 - Facility Security Pay- FSS
 - Inconvenience Pay- IPF
 - Location Pay- LOC

Other Earnings				
Other Earnings Details 1 Other Earnings Details 2				
Code	Description	Hours	Amount	Source
FSS	Facility Security Pay		28.77	
IPF	Inconvenience Pay - Full		24.01	
LOC	Location Pay		66.05	

Entitled Gross Amount

- **Move decimal point one place to the left**

– FSS: 28.87 → 2.887
– IPF: 24.01 → 2.401
– LOC: 66.05 → 6.605

- **Multiply by the number of days entitled (5)**

– FSS: $2.877 * 5 = \$14.39$
– IPF: $2.401 * 5 = \$12.01$
– LOC: $6.605 * 5 = \$33.03$

Entitled Gross Amount

Enter the regular salary and other earnings in the Entitled To column. It will total the Gross automatically.

<u>Earnings Code</u>	<u>Original Earnings</u>	<u>Entitled To Earnings</u>
RGS	\$1,246.19	\$623.10
FSS	\$28.87	\$14.39
IPF	\$24.01	\$12.01
LOC	\$66.05	\$33.03
GROSS	\$1,365.12	\$682.53

Entitled Deduction Amount

- A good reference to use for checking whether a deduction is % based or flat rate is the “General Deduction table” link or the “Create General Deductions” link in Payserv
- Enter all the full deductions in the Should Receive column
- Calculate the % based deduction to enter in the Should Receive column
 - Any before-tax deductions that are in the Should Receive must first be subtracted from the Gross
 - Once removed you then multiply by the percentage of the deduction

Entitled Deductions Amount

Examples

- Find the percentage the retirement is calculated on
 - (3.5% in this case)
- Take the Entitled to Gross subtract the before tax deduction
 - ($\$682.53 - \161.62 HIBTRG deduction = $\$520.91$)
- Use the calculate gross and multiply by the percentage
 - ($\$520.91 \times 3.5\% = \18.23)
- \$18.23 is the Should Receive amount for retirement

Entitled Deductions Amount

<u>Deduction Code</u>	<u>Tax Class</u>	<u>Original Ded</u>	<u>Entitled To Ded</u>
606	B (EE)	\$ 42.12	\$18.23
